THANK YOU for downloading

I used these visual schedules in my classroom and it has changed my life. Not only do these visuals provide **structure** to your classroom, but they also facilitate those crucial **independent skills** that our students need.

The schedule cards come in three sizes, small, medium, and large, for different learners and purposes.

I have also included some helpful pictures and tips about how our self-contained structured classroom is managed.

For more Special Education resources, be sure to check out my TPT Store. I love hearing feedback and new ideas that would benefit your classroom.

HAPPY TEACHING!

Michaela

 especially
EDUCATION

WELCOME

to our classroom

TODAY'S TOPIC: VISUAL SCHEDULES

**Our classroom runs in 15 minute stations.
When the time sounds, the students know
to check their visual schedules.**

www.online-stopwatch.com

00:15:00

000

5 6 7 8 9 Set

0 1 2 3 4 Clear

☐ Pause timer between each loop.

☐ Loop: 5 times ☒ No Loop Limit (Forever)

Tip: I project this online-stopwatch.com timer onto our board and use it as a visual timer.

COLOR

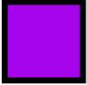

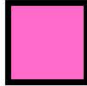

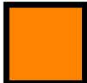

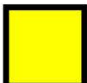

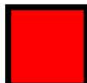

station cards

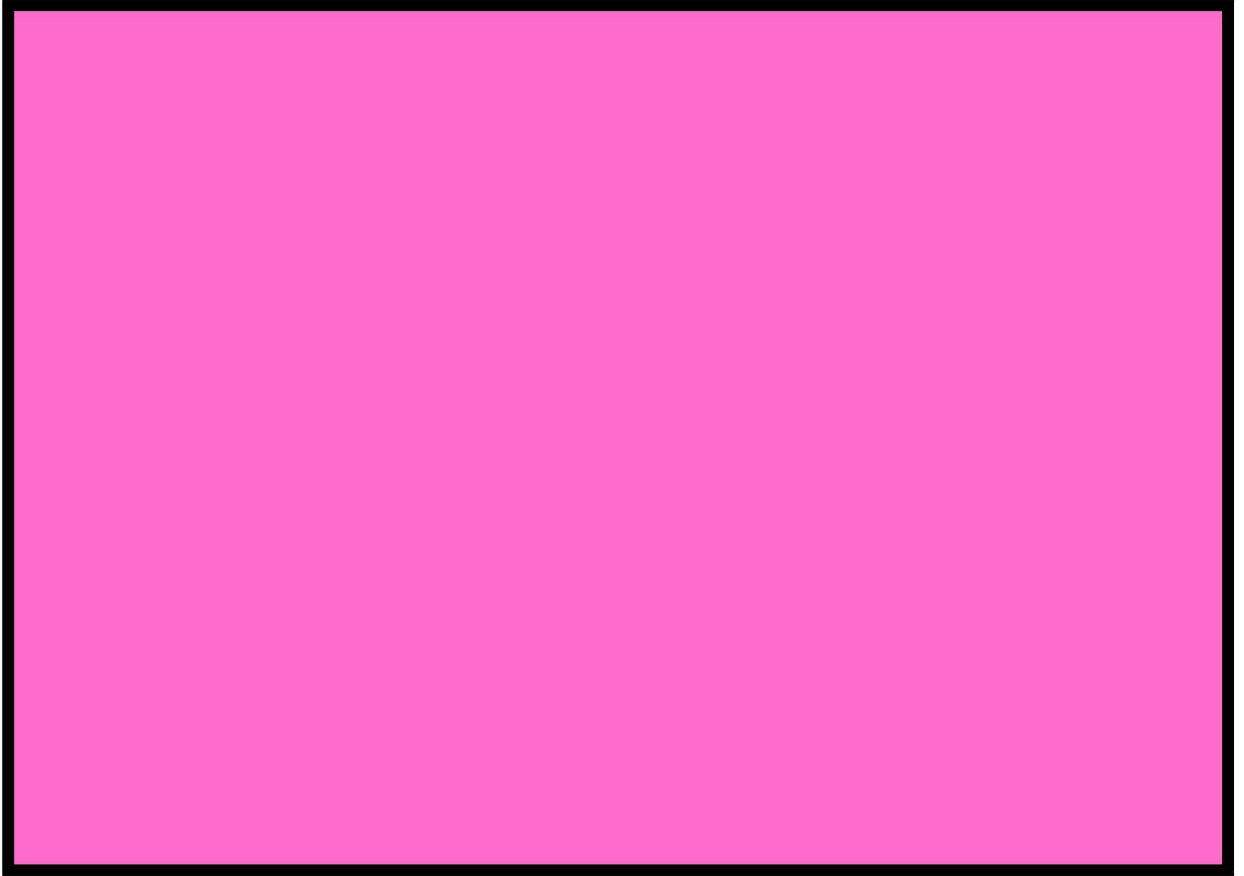

Each station in my classroom is designated by a different color.

After checking their visual schedules, students match the "colored station" icons to the designated areas.

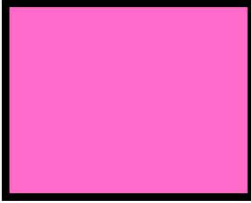

STATIONS INCLUDED:

- | | | | | | |
|---|---|---|---|--|----------|
|  | teacher table |  | independent task boxes | | |
|  |  | discrete trial |  | pivotal response training | |
|  | literacy library |  | speech |  | computer |
